WASTE MANAGEMENT

WASTE MANAGEMENT PLAN

1. The purpose of this plan is to ensure that the waste management of the project is carried out in a way that is consistent with the principles of the Resource Management Act 1991 and the Environmental Protection Act 1992.

2. The plan sets out the measures that will be taken to manage the waste generated by the project, including the collection, transport, treatment, and disposal of waste.

3. The plan also sets out the measures that will be taken to ensure that the waste management process is carried out in a way that is consistent with the principles of the Resource Management Act 1991 and the Environmental Protection Act 1992.

4. The plan is a key document in the waste management process and will be used to guide the implementation of the waste management measures.
